

ARWILL JOSHUA POLINAG

Cavite City, Cavite | (+63) 927-6569-771 | joshpolinag17@gmail.com

TECHNICAL SKILLS

Programming Languages: Javascript, SQL, C#, PHP, Python

Frameworks: AngularJS, NodeJS, ExpressJS, .NET

Programming Libraries: ReactJS, ChartJS, Leaflet

Database Management: Firebase, Supabase, MongoDB, MSSQL

Software Tools: VS Code, Github, Git

EXPERIENCE

Incub8 Space

IT Intern | February – April 2025

Back-End Website Developer

- Created flowcharts and documented APIs using OpenAPI/Swagger.
- Collaborated with frontend developers, QA testers, and project managers to implement features.
- Gained practical experience in PostgreSQL, Supabase, and RLS (Row-Level Security) for backend infrastructure and database management.

EDUCATION

Bachelor of Science in Computer Science

2021-2025

STI COLLEGE BACOR

PROJECTS

Thesis - Real-Time Monitoring System for Fuel Theft

December 2024

Detection With GPS Tracking for Land-Based Trucks

- Collaborated in developing an IoT device that measures fuel and track real-time GPS locations.
- Collaborated in developing a website that displays the data on the map and charts.
- Nominated for Best in Thesis and won Best in Innovation

Virtual-Office Application

April 2025

Developed during internship at Incub8 Space. Designed and implemented core backend components for a virtual office platform intended to simulate in-office presence, user activity, and workspace collaboration in a remote setting.

- Refactored and optimized database schemas, functions, and triggers to support scalable and secure data handling.
- Applied principles of data normalization and implemented access control using Supabase with Row-Level Security (RLS).
- Collaborated closely with frontend developers and QA testers to deliver functional modules aligned with project requirements.

CERTIFICATES

Cyber Security: Guide and Awareness

2023

Manual Software Testing Fundamental and Introduction to QA Automation

2023

Project Management Fundamentals and Customer Support as

2023

the Frontline of an Organization

Database and Systems Administration for Beginners

2023

Azure DevOps for Beginners

2023

Introduction to Programming Using C# .Net

2024

Object Oriented Programming Using C# .Net with Microsoft SQL

2024
